Fall into Christmas – As summer winds down, fall and the holidays start to enter our minds whether it is the start of school, harvest cooking or holiday preparations. Satt Cat Bags has worked hard over the summer to create new designs and tweak old ones to help you find that perfect bag for those special events and people in your life. With our motto of "custom bags of personal distinction", any bag of our now 43 designs can be made to your specifications. Of course, those traditional mitten bags, pillowcases and gift bags are popular every year, but here are a few ideas to help clients expand their thinking to find just that perfect bag for fall and the holidays!

Jewelry Bag –

This exciting new design is offered in two sizes to accommodate traveling jewelry needs. Each circular bag is made with inside pockets for earrings, bracelets or necklaces and can be made in your favorite color or fabric choice. When paired with some shoe bags in matching fabrics, packing for travel suddenly gives style to organization, not to mention personalization!

Mini Tote Bags –

These little bags look like mini shopping bags with fabric handles and square bottoms. Just over 4" tall, they make perfect party favors for any event. Although shown here in a Halloween print, they can also be made in a coordinating fabric choice for holidays, showers or any gathering that you want to impress your family or guests. They are also perfect for housing a gift card for someone special on your list. Have their name embroidered on the bag for an extra personal touch!

Purse Bags –

This design was originally created as a small favor for a ladies luncheon to hold chocolates. By changing the fabric choice and decorative button, it can easily coordinate to any season or event. This little bag, at just over 3" tall without the handle, is perfect not only for a ladies luncheon or shower, but also for a little girl's party or even a special tree ornament!

(Halloween Trick-or-Treat) Tote Bag –

An obvious new design at Satt Cat Bags is the (Halloween Trick-or-Treat) Tote Bag made in a reversible bag format. When sized for a child, it is the perfect personal tote for gathering all those sweet treats on Halloween night. And again, this bag design totally changes its look by simply changing the Halloween fabric to your choice – be it in your wedding colors for a wedding attendant gift bag, a Christmas fabric for your holiday needs or a favorite print to haul and show off your hobby necessities.

Wine Bag –

Our wine bag in two different designs is truly a staple at Satt Cat Bags for not only weddings, but also the holidays. The perfect hostess or thank you gift is made when you add the wine or champagne of your choice and have the personalization embroidered on the bag. Cheers!

This past summer, Satt Cat Bags was proud to make its first overseas shipment! Twenty bags, with embroidered French and American flags were delivered to France for a reunion between foreign exchange students and their families.

Oui! Merci, Sue!

Be sure to look for the 2015 Car Shop Power Trip and their commemorative bags. 52 cars with 100 travelers will be leaving downtown Moline on September 11th on their 10th and final trip together. Satt Cat Bags has been a proud contributor for the last 5 years. Travel safe!
